

Besides local and foreign brokerage, other related foreign, government and custody fees and taxes are applicable. Please refer to www.iocbc.com for more details.

OCBC Securities Private Limited ("OSPL") operates as an "execution-only" broker. Accordingly, OSPL does not provide advice/recommendation on whether the trading of securities and/or a particular investment product is suitable for its clients. In addition, this material does not take into account the specific investment objectives, financial situation or particular needs of any particular person. Without prejudice to the generality of the foregoing, please seek advice from a financial adviser regarding the suitability of any investment product taking into account your specific investment objectives, financial situation or particular needs before you make a commitment to purchase the investment product. In the event that you choose not to seek advice from a financial adviser, you should consider carefully whether the product in question is suitable for you. The proposed transaction herein (if any) is subject to the final expression of the terms set forth in the definitive agreement(s) and/or confirmation(s). This does not constitute an offer or solicitation to buy or sell or subscribe for any security or financial instrument or to enter into a transaction or to participate in any particular trading or investment strategy.

Enjoy the benefits of local trading in global markets

When it comes to online trading, speed, security and control are important features that let you capture market opportunities with peace of mind. These qualities are now available to you, be it trading in the Singapore market or key overseas securities markets.

SPEED

iOCBC is connected to both local and major overseas securities markets electronically. Recognise and seize more diverse trading opportunities on iOCBC with:

- **Direct Market Access to multiple foreign markets**

Immerse yourself in the opportunities almost instantly by sending your orders direct to securities exchanges overseas, just like you are there.

SECURITY

Using iOCBC, you are assured that your transactions are secured with:

- **End-to-end security encryption**

Place orders online with greater confidence.

- **Global Custody Service**

Know that your foreign securities are kept safely with an established global custodian*, which provides a high level of service and security.

CONTROL

iOCBC puts you in control of your own investments through:

- **Convenient management of your portfolio**

Get updated on your portfolio performance anytime with:

- a) Portfolio Management – Track your cash and margin portfolio, view your trading history and trust balances.
- b) Single log-in to multiple accounts – access and trade in all markets using your cash trading, share financing and other accounts at one go.

- **Ability to trade and settle in choice currency**

Manage your forex risk by using foreign currency trust accounts to settle your trades.

- **Informed decision making**

Get your hands on updated information and enhance your decision-making process using:

- a) Personalised Corporate Action Updates – Be notified of the latest corporate actions for your foreign market securities holdings.
- b) Customised watchlists – You can monitor the latest market news and research reports by creating a list of your favourite counters.
- c) Trading tools – Chart securities listed on the SGX and Bursa Malaysia and view in-depth securities price movements when performing your technical analysis on *iMatrix*. Manage your margin risks with our *Share Financing Simulator* and calculate your entry and exit profitability for local and overseas securities using our *Trade Calculator*.

Knowing that you are equipped with critical tools for efficient and effective global trading on iOCBC, gives you the same peace-of-mind as if you are trading locally. **For more information, contact your Trading Representatives, call our hotline at 1800 338 8688 or visit www.iocbc.com.**

Risk warning:

Trading in securities can be extremely risky. There is a possibility of losing a significant portion or all of the funds used for trading activities. Trading in foreign securities includes, but is not limited to, currency risks and rules/regulations peculiar to the respective foreign securities markets.

*OCBC Securities has appointed Citibank, N.A. and its affiliates as the direct custody service provider across 14 securities markets.
