New! One single login for multiple online trading accounts

We have implemented one single login for multiple online trading accounts. If you have more than 1 online trading account, you will only receive 1 set of User ID and Password for the new trading system, with the smallest trading account number as your default User ID which is in 7-digit format (eg : 0012345). Your new iOCBC User ID and Password will be mailed to you separately.

If you have a joint online trading account, you will be able to access your joint account with the same set of User ID and Password as your individual trading account.

For further clarification on your new iOCBC User ID, please call us at 1800 338 8688 or (65) 6338 8688.
